

Sales ₹

₹ 4.99 Cr

July

Sales ₹

₹ 4.71 Cr

August

₹ 28 Lakhs

Today's question

Before any chart, before any query, what is your first move?
One sentence.

Bonus question

One thing that happened in July, and one thing that happened in August, together explain most of the ₹28 lakh. Guess either.

AttiQ Café

DAY 6 / 30

My Answer

“ Understand what happened ”

Calendar tells you what happened in the range period (July & August)

Then open a tool

Step 1 :

Review the calendar

(Weekdays, Weekends, Govt Holidays,)

Step 2 :

Identify the changes

A campaign , A decision

Step 3 :

Compare like for like

All 40 stores with Month over month comparison

Context first, tool second

AtliQ Café

DAY 6 / 30

Bonus Answer

July	August
What Happened **Monsoon Combo run** Not repeated in August	What Happened **Hinjewadi store shut, 1 - 11 Aug** Closed for a refit

Where did the ₹28 Lakhs go

Day 6 lesson

Before you explain a drop, prove it is a drop
