Went to regulars

Kavya - Marketing

She believes this campaign is her best work this year

Founder review: This Friday

I have the campaign reports.

Today's question

How do you tell her, and what do you make sure you do NOT do?

Bonus question

There is one thing you should bring besides the bad number. What?

AttiQ Café

DAY 24 / 30

My Answer

“ Tell her first. Tell her alone. Show the proof. ”

What I do

1. **Talk to her privately before Friday**
2. **Start with what worked**
3. **Say the bad number once, with proof**

What I don’t

- ✕ **Send it to the group thread**
- ✕ **Call the campaign a mistake and blame her**
- ✕ **Send a chart and disappear**

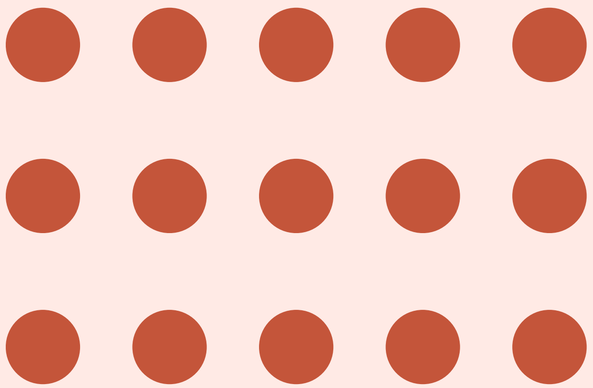

“ The issue is the result, not the person. ”

Bonus Answer

“ Bring a plan, not only the bad number. ”
